Faculty, Student Committees To Petition for Change in Bus Line

Two committees, one composed of members of the service to everyone now being served by the line. John Carroll University faculty, the other of mem-bers of the University Student Union, are preparing petitions to be presented to the Cleveland Transit System, requesting that the route of the Kerwick-Carroll express bus be changed to include a stop near an entrance to the school.

The route of the bus line, upon which a majority of the faculty, student body, and university employees depend for transportation, was changed November 1. With the present route, the nearest stop to the University is at the corner of Washington and Meadowbrook Blvds., forcing Carroll riders to walk a considerable distance to board busses. The change, which was greeted with a storm of protest from Carroll students, extended the service given by the line to residents of the Milton Rd.-Washington Blvd. area. No objection is being raised to the extention of the service; however, Carroll riders feel that they compose a considerable proportion of the patronage of the line, and that the unnecessary walk to the present bus stop could be eliminated and still permit

With the rapid approach of winter, a much larger number of students will be depending upon the Carroll bus for transportation, as those who are now using private transportation turn to the Cleveland Transit System for service.

In drawing up their petitions, the faculty and student committees, which are working separately, are considering proposals that the bus line be re-routed via Milford Road so as to include a stop at the intersection of Miramar and University Dr.

The following arguments are being considered for submission in support of this proposal:

1. That the proposed stop means scarcely a minute's additional time to the present schedule.

2. That a trial run proved the stop practicable. In a heavy downpour one day recently, a considerate operator extended to some 24 students the favor of stopping at the University drive. He thus demonstrated that the long walk from Meadowbrook Rd. via Glendon Rd. to Miramar Blvd. was a needless inconvenience to daily passengers who are paying premium fare.

3. That the proposed stop disturbs the existing route as little as possible.

4. That the proposed stop is the closest possible to the university without objection from any source.

5. That at the peak hours of arrival and departure to and from John Carroll, the riders are almost wholly made up of students, teachers, and employees of John Carroll University.

6. That the resulting convenience would work to increase student patronage, especially during the winter season.

7. That under present conditions, the proposed stop is the most adequate solution to a serious and long-standing problem of transportation to and from the university.

8. That as only one new stop is being proposed, no loss of riders amongst other users of the line will be experienced.

9. That the proposed change will benefit the Fairmount-Warrensville Center shopping center, which is now without public transportation facilities. It

will be a convenience to theatre-goers and shoppers from all the surrounding territory served by the Carroll bus line.

Objections to the existing route have been varied. vociferous, and numerous. Among the most frequently heard are:

1. University passengers are forced to needlessly walk a long distance to and from the present stop.

2. Passengers are forced to wait long intervals in rain, snow and wind, with no shelter whatsoever.

3. Evening school passengers especially stand in need of better service.

4. Passengers paying premium fare should with reason expect more adequate and frequent service than now prevails.

Members of the committees working on the transportation problem are: Faculty committee, Dr. Ed-ward C. Reilly, Mr. Frank D. Burke, Mr. Frank J. Wiess, and Mr. E. F. Frantz.

Student committee: John Kilbane, Leonard Schneeberger, Joseph Walker, and John Quinlan.

PROM PLANS STARTED

Vol. XXVII

John Carroll University, Friday, November 29, 1946

THE CARROLL NEWS

SCHNEEBERGER IN AS CARROLL UNION HEAD

Kilbane, Gattney, Dorsey Elected To Offices in Student Government

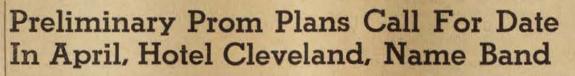

Leonard Schneeberger, popular senior and an accounting major in the BEG School, is the new president of the Carroll Union. Schneeberger's opponent for the office was James Tafelski, senior class president and a dorm student from Toledo. "Schnee" is one of the few Union heads to from Toledo.

have bridged the long-standing political rivalry between day and dorm students. He received votes from Union members of both fac-

James Kilbane was installed as vice-president of the Union, John Quinlan won the secretarial seat, and Jack Dorsey was elected treasurer. Schneeberger, Kilbane and Quinlan reside in Cleveland or its suberbs. Dorsey it not a native Clevelander although he lives here during the school term.

Schneeberger is a graduate of Cathedral Latin. After graduating from high school he attended Seton Hall College in New Jersey for a year. After serving in the Pacific, the 23-year-old senior returned to Carroll.

Kilbane, vice-president of the junior class, is an Ignatius product and a veteran of the European theater. He started at Carroll BEG Group theater. He started at Carroll In his pre-war days, "Shamus" won the heavyweight crown in the University's boxing show. This Hold Social semester he was first-string tackle on the Blue Streak grid team.

Outstanding in the events of the University social year is the John Carroll Senior Promenade. The Carroll Union announced this week that the 24th annual prom, set for next April 15 at Hotel Cleveland, already shows signs of

being the greatest prom of all. A preliminary committee of class officers headed by Leonard Schneeberger has started negotiations for the 1947 prom. Assisting the Union prexy are James Tafelski, senior class president; John Kilbane, head of the sophomore class; Joseph Walker, junior prexy; and Robert Kilfoyle, freshman general. The above-named men are automatic members of the prom committee with the exception of Kilføyle.

He will retain his membership on the committee only if he is elected president of the freshman class next semester. Schneeberger will appoint the other prom committeemen shortly.

Name Band Will Play

As in the past, a name band will play for the prom. At this time, however, negotiations for the orchestra have not gotten underway. Past prom bands have included such notable musical aggregations as Bob Chester, Will Bradley, Larry Clinton and Russ Morgan

Cleveland Hotel's main ballroom has already been secured for dancing. The committee is now endeavoring to secure the

Red Room for additional space in which to set up tables. The night club atmosphere at the 1946 prom (at the Carter last March) was very popular with Carroll men and will be duplicated at the coming 24th prom.

Dress Is Formal

April 15, the date set for the coming event, falls on the Tuesday after Easter. Dress for the prom is strictly formal—a policy adhered to all along the line. Price of bids has not as yet been established, but in the past the ducat cost has never been much below five dollars. Five skins will probably be the minimum

price to count on for the 1947

BY AND FOR THE STUDENTS Red Tape for a Blue Veteran

MAYBE somebody could tell us why the Veterans Administration (local, state, sible for this brain-wracker, although the VA regional, or national board) should resort to typographically terrifying every veteran re-cipient of one of their unique publications. As if filling out and filing one form after another were not enough an example of their superficiality, the Veterans Administration must originate forms replete in context which would floor an Aristotle.

Page 2

Their most recent crossword puzzle was the "Trainees' Report of Earnings"-certainly a 10-mile dash in mental gymnastics. This quaint bit of red tape-allowing its necessity for establishing statistical computation -did nothing toward promoting amicable affiliation between veteran and veteran administrator. On the contrary, it engendered irritation of the most vehement variety. The justifiable echoes will be heard for many months to come.

Another classic typification of VA's scrambled efficiency is the "Notice of Serviceman's Eligibility for Readjustment Allowances" (unemployment compensation to we're wonderin those unacquainted). The Ohio Bureau of Un- been grounded.

does stretch a confusing hand into the melee. On receiving the sad tidings, the average veteran either looks longingly toward an iodine bottle or breaks into a four-hour long froth trying to decipher its distorted contents. What gives with this "form" treatment?

Somewhere along the line (principally at the beginning), someone is taking no pains to see that his original document (be it intended for report, application, or sundry form) allows but one interpretation. If the meaning can be construed in 40 different ways, then the original fails in its purpose. Conciseness should be the order of the day, but when conciseness conflicts with proper interpretation, it's high time for somebody to start spreading the English. Conversely, the same principle can be applied.

If VA thinks veterans' laxness is the cause of it all, then VA is misinformed. There's a fly in the ointment somewhere, and we're wondering if VA isn't the fly that's

Last week it was easy . . . Kennedy, Tom . . . Posi-panka, Ed. . . . Kelly, Tom and Sweeney, Michael . . . deserving football seniors. However, I have a number left. I would like a few ideas as to awarding these passes. Incidentally, this week the passes are through the courtesy of the Shaker and the Fairmount.

Home Sweet Homicide

There's a crime and place for everything-the crime is Home Sweet Homicide and the place is the Palace. This film, based on Craig Rice's famed best-seller, is one of those

all-too-rarely successful blends of delightful comedy and spine-tingling chills that stands out like an oasis in the desert of conventional screen "whodunits." Speedily paced from start to finish and flooded with nearty humor, suspense-packed situations, and truly refreshing performance, here is a riotous hit you'll enjoy for a long time to come.

In the film Lyn Bari is cast as a widowed author-mother who is plagued with the double chore of turning out best-selling mystery novels and keeping a trio of lovely youngsters in check. Peggy Ann Garner is seen as the eldest and more 'sophisticated" child, while Dean Stockwell and Connie Marshall appear as her brother and sister.

The male lead is adequately filled by Randy Scott, who for the irst time in ages, has discarded the gunbelt and ten-gallon for the blue serge. He even takes advantage of the additional "smooching" liberties-considered verboten in the Westerns.

For a murdering good time see . . . Home Sweet Homicide.

inadequate! The 50 to 60 men on a school football team

seldom comprise more than three or four per cent of the total student enrollment, During the basketball season the current varsity squad may consist of, at the most, 20 members, or less than two per cent of enrollment. Does this mean that the remaining 95 per cent of the students are physically frail or have no interest in participative sports? Or is it that they have no choice?

After all, what are college athletics for, what should be their purpose? They are not merely to train a group of specialized entermers to provide week-end diversion from studies for the faculty and scholars.

Are there students who want a chance to participate in sports, and do they have a right to expect that this opportunity be provided by the school? As a matter of fact, there are probably few fellows who would not care to for several years. Efforts to play a game of baseball or basketball. And situation should not be delayed.

Ex-Chaplains Agree: -

Best Part of Army Is Discharge

Fr. LaPlante

FROM his position as professor of philosophy and former army chaplain, Fr.

simplification of terms used to describe that transformation supposedly affecting all servicemen which grants them maturity and shapes their backs to carry the affairs of the world.

"The army," said Father LaPlante, "does little toward making a man either good or bad. The deciding factor in most cases is the man's educational and family background."

Having spent over two and a half years in the

army at the replacement centers of Fort Crowder, Missouri, and Manila, Father LaPlante had the opportunity to observe a good cross section of army "They were representative of the entire personnel. country," he stated; "their spiritual problems were on a par with those found anywhere.'

Father LaPlante is glad to be back at his old post as professor of philosophy at John Carroll. The chief difficulty he found in the army was in trying to crowd the necessary work into a mere 24-hour day. His work included the usual duties of a chaplain plus those extracurricular duties usually at-

tributable to overpowering gripes. Feeling that the position of chaplain has improved greatly over that of the first World War, he believes this status could be further improved toward the end result of making a chaplain's work more effective. Father LaPlante mentions the fact that there is still the mistaken notion that a chaplain's only labor occurs on Sunday. This attitude naturally hampers his work; consequently, the material and spiritual welfare of the men suffers.

In Manila he found a slightly increased fervor among the men concerning religious matters. Increased attendance, except in the case of officers, characterized the services held. Father LaPlante concluded by saying, "In all phases of army life the religious background in education is the greatest factor in determining the man's conduct."

A CCORDING to most ex-GI's, the one man in the army, navy or marines who Oscar LePlante, S.J., observes that, as yet, he is unable to see the "great change" in American youth. "The great change" is a

called them as he saw them, and, invariably, the "padre" held the top spot in the estimation of the enlisted men and their fellow officers. An ex - chaplain, Fr. candy store."

Raymond Mooney, S.J., is now one of J.C.U.'s newest faculty members. Father Mooney's opinion

cepted by most ex-servicemen, with added approval, perhaps, on the part of former enlisted men. Father Mooney, to phrase it delicately, considers the army as being not quite the ideal atmosphere for young American men.

Early in 1944 Father Mooney began wearing the shoulder patch of the Army Air Force. "Overseas" service began immediately-he was promptly ordered to Texas. After this duty he was sent to the warscarred Philippines, then to Japan. This past October Father Mooney received his ticket to freedom-his honorable discharge.

"There were a lot of fine men in the army," Father Mooney said, "but there were also a great many who were not. The attitude which the army holds on questions of morality, the dangerously false values which it fosters, are constant sources of destructive influence.'

Here at Carroll Father Mooney teaches religion and history. In addition to his teaching duties he holds the very important position of representing the University in its attempts to obtain War Surplus Property. (Someone asked the good Father if, maybe, he hadn't gotten hold of some old "C" and "K" rations for the cafeteria, but he denied the assumption.)

Father Mooney's parents still live in Cleveland. A brother is a doctor here, and his only sister is a num at St. Las. b' nun at St. Joseph's convent.

JOHN CARROLL BLUE STREAKS

Sporting Around Last Time as Season Ends With Jack Gooper

The Akron game closed a rather unsuccessful football season as far as the records go. However, unfortunately, the records never tell a true story of all that takes place. For the benefit of the student body, who deserted the team after the Berea fracas, I shall attempt to enlighten you with a few of the lesser-known facts.

After only two weeks of practice, the Streaks weren't ready for the more experienced Yellow Jacket team and looked pretty bad. After that, they came back to play good ball in the remaining seven games. With the exception of the Case game, they were definite underdogs yet managed to put up stubborn opposition. They lost five of the games by one

touchdown, but scored in every game. This was no ordinary losing team and the small band of rooters who followed the team will admit they have never seen one team dogged by so many bad breaks.

Carroll played a schedule which boasted one home game. This, in itself, is a handicap. On each of the seven games their opponents named the time, the place, and the most important of all-the ref-I have seen some poor officiating jobs, but the Toledo and erees! Akron games will stand out in my memory for some time. In Akron, Coach Oberst was ready to pull his team off the field; while some fancy decisions at Toledo saved the Rockets from a stunning upset.

The last point and by far the most important, is the fact that not one of the Carroll players received any kind of financial help from the University. Carroll's late decision to play football this year left no provisions for any kind of aid to the players. The Athletic department, although organized, had little or no funds with which to work. I know for a fact that it actually cost many of the married men on the squad to play football. It took a lot of school spirit for fellows like Kelley, Dorsey, Pizzino, Palumbo, Fougerousse and McAvoy to play football while supporting their families. Each school Carroll met this season had some sort of financial aid for their players. The knowledge of this fact and the plenty-casual spirit of the student body did little to encourage team play.

All in all, I think each member of the squad rates a personal tribute from the student body, and we would like it to be known-we think they did a bang-up job.

This and That: Carroll opponents kicked 18 out-of-22 extra points, while the Streaks were making four out-of-11. . . . The I-M bowling league race it red hot. In the 12-team loop, only five games separate the cellar team from first place. Congrats to Walter Kiewal, whose 206 game took the Thanksgiving individual high game prize, donated by "Hy" Adell, Cedar-Center alley manager. Incidentally, it was a quart of scotch-see you, Walt.

Akron Downs Streaks, 13-6, In Climax at Rubber Bowl; **Richardson TD's in Fourth**

Playing in the comparative privacy of the Akron Rub-ber Bowl before a sparse crowd of 2,000 on November 23, the Carroll football machine closed the '46 season on the short end of a 13-6 score. The goodly number of Carroll fans, who journeyed to the Rubber City for the contest, saw the Streaks turn in a convincing job at defense. was stopped. Left half Joe Zaher However, the Streak offensive fail-then took over and carried the ed to materialize until the closing pigskin through the same right minutes when Jack Richardson and tackle slot for a 30 yard gain to nally broke into the the Carroll 4 yard line before End game. At that time Akron was out Ray Helvey brought him down from in front, 13-0. Nevertheless, a behind. Apparently stopped by a heretofore absent Carroll offense fast charging Carroll line, the Zip-broke out under the brilliant direc- pers took to the air as Quartertion of "Big Rich." In his first year at Carroll Jack entered the collegiate competitive field by winning his spurs in basmerous first-rate performances, he ketball. Now a returning letterman in that sport, he is certain to boost Carroll cage stock.

Remember when Mother and Dad hung up the receiver on every long distance call . . . then waited for the operator to call back when the connection was completed . . . waited sometimes long enough for Dad to wander away from the telephone, or for Mother to become involved in baking a three-layer cake?

That was the picture of long distance service just a generation ago, when our present company was formed in 1921. Since then new methods of operating and more and better equipment have increased the speed of service so rapidly that today 87% of all long distance

calls are connected while the caller "holds the line." We are now handling six times as many long distance calls as in 1921 with three times the speed.

Progress of long distance service never stands still. As we look forward to the next 25 years, plans already are underway to increase further the speed and range of intercity service. New apparatus to enable operators to dial calls between cities, more wires and cables to carry calls and an expanding force of operators will bring you more and faster long distance service in the future.

Established on September 21, 1921 by consolidation of two Obio telephone systems

GOSSIP INK

Best University dance to date was the senior class Thanksgiving rassle in the gym last week. Honoring the football players who are seniors, all members of the varsity squad were given comps. Therefore, it was the first hop John Richardson attended this year. Be that as it may, the dance was such an overwhelming success (financially, too, the committee stated) we decided to do a little personal reporting on couples in attendance.

Undoubtedly the most outstanding part of the evening was the number of engagements an-nounced by bandleader Cal Dal-ton. They came so thick and fast that we missed some of 'em, but we did catch a few. Chet Talty and Julia Mae Wallace tied the preliminary knot as did sophomore class prexy John Kilbane and Marge Dwyer. Elmer Wilkes and Ethel Toth also decided to make it permanent. Joe Tulley and his model-fiancee, Mary Rita Keating, did the others one better-they were married a few days after the dance.

Tom Kennedy, Jim Moran and company (that's how they referred to their women) were having a great time. Tom Kelley and the Mrs. contracted for a baby sitter and attended the dance, however, they called home several times just to make sure daughter was okay. Other team members we saw were Don Faix and Bob Kilfoyle with Cathy Neenan and Pat Drummond, respectively.

Fighting into the soda fountain during intermission, we a Carroll Ne bumped into Michael Boland, urer's office.

was through dark corridors. also may be made directly in writing to the VA office in the area in which the veteran resides.

VETERANS who disagree with decisions of the VA concerning benefits to which they believe they are entitled should exercise careful judgment before appealing the decisions. VA said that claimants first should ask for a reconsideration or review of their claims

if they have new evidence which they feel would warrant a different decision. If claimants have no further evidence to submit, but have substantial reason to believe that the decision is not in accordance with the law and facts in the case, they may appeal to the Administrator of Veterans Affairs An appeal may be addressed to the VA office which notified the claimant of the disallowance. The appeal may be filed any time within one year of the date of the letter containing notice of the disallowance. In the event a veteran is dissatisfied with his claim, it is to his advantage to request recon-sideration of the claim by the office which notified him of the decision prior to filing an appeal.

which the coaches have assigned him. He is a rugged stylist-in the vernacular, one who plays for keeps. His favorite recreation takes him often into the opponent's backfield both on offense and defense.

Twenty years old, "Buck" is majoring in philosophy. A successful future in football is forecast for this first-year man who looms as a mainstay on all future varsities
