Learning Center dedicated Grasselli library addition provides study areas

Michele A. Amer
Staff Reporter

About 80,000 squares feet have been added to the Grasselli Library which now has several group study rooms and a reading garden, said Grant Duffett, director of Grasselli Library.

"The library has doubled in size," Duffett said.

One of the new services the library will offer is the Internet which students can use the internets access to the computers on the campus, and they can "surf" to access the Internet if they have a user name. "You can access the library's internets which is another way to purchase, borrow, research, and so on," Duffett said. "This means a student can find information, write a paper, or do research.

"I especially love the outdoor study area which is a popular place to study," said Duffett.

Grasselli offers new student services

There will be a free Internet service available after January," said Duffett.

All study, visual equipment which was not in the administration building has been moved to the library which should be finished this week, said Duffett. "More important for the students, you see the bookcase and the place to sit," Duffett said.

"The library is a great asset to the campus," Duffett said.

No room at the inn

This camper was spotted on campus last Thursday near the parking lot. Security and Residence Life have no idea where it went. About this picture is that the camper would have been a problem for us. We should have been more careful.

Senior golfer Brian McTavish and Coach Mark Miller were both first place finishers at the Power ERB Gordon Championship at Surfside Golf Club in South Carolina this past weekend.

Golf places second

Blue Streaks fall shy of overtaking Division III power Methodist

Jackson Sport, Sep 29

Taping the back door, a power source approaches the golf course gate. The John Carroll University golf team is currently on tour, playing second out of the top five players at the NCAA collegiate Class A Division.

The team's performance in South Carolina has been impressive. "We have an excellent chance to win," said junior Steve Voinovich, who has been playing with the team.

The team has been practicing all week for the upcoming tournaments which will be held in Midland, Texas. "Our team has been working hard on the putting and short game," said Voinovich.

John Miller, head coach of John Carroll, said the team is "very excited" about the upcoming tournaments. "We think we have a chance to win," he said.

The Streaks did take some consolation in knowing that their tournament scores were very close to the competition. "We played a little better on the greens," said Voinovich.

"Our performance in South Carolina was very good," said Miller. "We have an excellent chance to win."
JOC Celebrates Halloween

Coleman Dugan
Staff Reporter

With October 31 just around the corner, several university organizations are sponsoring Halloween-related activities.

The Residence Hall Association is sponsoring a door decorating contest.

RHA members are urged to gather in their student halls by 7 p.m. on October 31 to decorate their halls. All upperclassmen are invited to participate. Prizes in the form of gift certificates will be awarded to first, second, and third place winners.

Sanford scientists are gearing up for their annual costume contest.

Murphy Hall is holding a "Ponytail Graveyard" for this year. Students can be purchased in Murphy Hall on Monday night. The costume contest begins at 9 p.m. and ends at midnight.

"Happy Halloween" is still being offered at the Third Street Mall, and John DiGigan, Murphy Hall building president, said, "It was fairly happy with voter turnout."

The vote of the elections committee was too close to - count, so election day was extended.

"There were some issues with the election committee. The students are concerned about the outcome and the administration's involvement."

SRA student was elected at the residence hall's annual SRA election.

"I'm going to try to get a good off-campus presence. I'm going to try to be on the board and to be better represented."

Sarah Martinez was selected as president in the closest race of the election.

"I'm glad to help the whole freshman class. We want more people involved."

Ryan Daily, sophomore, said, "I wanted to get more people involved."

"I'm going to try to help the freshmen this year."

Sanford students are encouraged to join the SRA and to participate in the SRA elections.

The Student Union to help make this a fun way to wish someone a Happy Halloween.

A trip to a local haunted house and a Cleveland's Haunted Halloween contest.

The winner of the Local haunted house contest will be announced on October 31st.

The winner will receive a trip to Cleveland's Haunted Halloween, and the Over-all haunted house contest winner will receive a trip to Geauga Lake which includes a haunted house ride and a haunted boat ride.

Students can sign up to participate in the Sanford Local haunted house contest through the Student Union office.

The winner will be announced on October 31st.

Local haunted houses open include the "Magnetic Fields Club" at Halloween which includes a haunted house and a haunted house ride.

Children reap benefits from Writers Harvest

Professional writers featured in national event to aid hunger relief

MARGARET SZILAYZI

The National Writers Union in Cleveland hosted a national benefit for the Cleveland Food Bank last week with the proceeds to be used to help feed the hungry.

The event, called Writers Harvest, was held at the Cleveland Public Library and featured the work of some of the nation’s most celebrated writers. The event included a dinner, a reading of selected works, and a silent auction of works created by the participating writers.

The event was organized by the National Writers Union, a group of professional writers who work to promote and protect the rights of writers.

The proceeds from the event will go to the Cleveland Food Bank, which is a non-profit organization that distributes food to those in need.

The event was attended by a variety of people, including writers, artists, and community members.

The event was a success, with many people attending and enjoying the literature and art on display.

The event was a great opportunity for writers to come together and share their work with the community.

The event was also a great way to raise awareness about the importance of helping those in need.

The event was a great success, and the National Writers Union looks forward to hosting similar events in the future.

**Streaks capture fourth title in five years**

Men’s soccer wins regular-season OAC title, enters ranks as one of region’s top four teams

**Kevin Dotham**

Staff Reporter

Just because the John Carroll University men’s soccer team won’t be going to the NCAA tournament doesn’t mean the Blue Streaks are unable to enjoy a championship season.

With a 1-0 victory over Heidelberg on Oct. 24, the Blue Streaks finished an undefeated regular season with a 10-0-3 overall record, securing the team’s fourth straight trip to the OAC championship game. The Blue Streaks finished 6-1-0 in the OAC, and recorded ten straight wins.

“The whole season was prepared for by the OAC,”介绍说. “The team and I were aware that this was going to be a tough season, but we were able to keep our head up and continue to play well.”

The Blue Streaks finished the season with a 10-0-3 overall record, including nine straight wins. The Blue Streaks defeated their opponents by a combined score of 31 goals to 13. The Blue Streaks lost just one game, a 1-0 setback to Muskingum.

“We’ve been working incredibly hard all year,” said senior defender Erik Chiprich. “We’ve been working on our defense and conceding very few goals. We’ve been able to improve our overall team performance and make the necessary adjustments to keep us on track for the championship.”

In the second round of the OAC Playoffs, the Blue Streaks defeated the University of Mount Union 1-0, and defeated the North Central College 1-0 in the championship game.

The Blue Streaks are now 43-7 away from becoming the school’s all-time leader, and have a district currently held by junior Matt Busso. Busso said. “It was important for us to go out and win convincingly, and it was exciting to see how well we respond.”

**We’re not looking past Heidelberg, but we will definitely be up for play Saturday.”**

Kevin Stashom

Men's soccer wins regular-season OAC title, enters ranks as one of region's top four teams

Heidelberg, Ohio — The Blue Streaks played the Ohio Northern University Navigators on Tuesday night in the first game of the OAC Tournament. Heidelberg won the game 2-1, advancing them to the semifinals of the tournament.

"We're not looking past Heidelberg, but we will definitely be up for whatever play Saturday," said Grant Mast, Head Coach of the Blue Streaks. "It's an opportunity to make some noise in the tournament, and we're excited to have a chance to do it."
Why doesn't JCU look this nice every weekend?

Wandering around campus this past weekend, one could really see a noticeable difference in the atmosphere of JCU. It was not just the presence of everyone's parents on campus for Parents Weekend, but rather the physical appearance of the campus grounds. The recent absence of leaves and the predominant red and orange colors of the trees brought back memories of fall and the University's beautiful campus.

The past weekend, JCU looked especially nice. The campus was clean and well-maintained, with no litter or debris in sight. The leaves and other debris that had accumulated during the fall were gone, and the campus looked ready for the upcoming winter months.

This could be due to the efforts of the JCU grounds crew, who have been working diligently to keep the campus clean and beautiful. It's great to see how much effort is put into maintaining the campus, and it certainly makes a difference in the atmosphere and appearance of JCU.

Overall, the past weekend was a great one for JCU. The campus looked beautiful, and the students and faculty were able to enjoy the fall weather. It was a great way to spend the weekend with friends and participate in the many events and activities offered by the University.
Editorial

Why doesn't JCU look this nice every weekend?

Wandering around campus this past weekend, one could easily see a noticeable difference in the atmosphere of JCU. It was not just the presence of everyone's parents on campus for Parents Weekend, but rather the physical appearance of the campus grounds from the pictures posted on the windows of the Atrium to the silverware and tray holders in the dining hall. The atmosphere was filled with an aura of joy that was definitely noticeable.

On Friday night, the Atrium was transformed into a grand ballroom, with the walls adorned with hanging lights and the centerpieces of the table settings were arranged in a manner that made one feel as though they were attending a formal event. The music played a soft, classical tune that added to the overall ambiance of the evening.

On Saturday, the campus was bustling with activity, as people of all ages gathered to enjoy the various activities offered. Parents and students alike were seen walking around, taking in the sights and sounds of the campus.

One of the highlights of the weekend was the concert held on Saturday evening, which featured a variety of musical acts. The room was packed with people who were all clad in their finest attire, waiting to be entertained by the performers.

Overall, the weekend was a resounding success, with everyone having a great time. The atmosphere was filled with a sense of joy and happiness, and it was evident that the efforts put into making it a memorable weekend were well worth it.

Halloween at John Carroll

Letters to the Editor

Commentary on Million Man March disrupted

I am a senior at John Carroll, and I was disappointed to see the news about the Million Man March on the front page of The Carroll News. I believe the news story was misleading and biased.

The Million Man March was held in Washington, D.C., on October 16, 1995, and was organized by Africa World Peace Inc. The march was attended by an estimated 400,000 people, and it was intended to bring attention to a number of social and economic issues affecting African-American men.

I believe the news story failed to provide a balanced view of the event. It focused on the negative aspects of the march, such as the police response and the violence that occurred, while ignoring the positive aspects, such as the large number of participants and the messages of unity and hope that were shared.

I urge The Carroll News to do a better job of covering events like this in the future. The paper should strive to provide a fair and balanced view of all events, regardless of their political or social implications.

Mary Przybylo

Parent Weekend

It is a relief to see that the campus is finally looking good. Even though Fall Break was only a week before, most students for parents weekend were parents of freshmen. While it is understandable that parents of freshmen would be especially interested in seeing where their child is, it is unfortunate that everyone's parents do not share the same enthusiasm. True, many factors (such as adoration, busy schedules and Fall Break having just happened) may have contributed to this, but it is important to remember that not everyone's parents are equally invested in their child's college experience.

It's hard to say good-bye. But, sometimes it is necessary. I remem–
